About the Safer Choice Program

The Safer Choice Program is one of EPA's premier partnership programs, working with individual industry sectors to improve human and environmental health. The Safer Choice Program mark allows consumers to quickly identify and choose products that can help protect the environment and are safer for people. A long list of industry-leading companies are now partnering with the Safer Choice Program. For more information go to: www.epa.gov/saferchoice.

LightHouse for the Blind

Since 1902, LightHouse has been the place where blind people come to learn skills, gain confidence and develop independence. With the blindness skills training and a supportive community of peers and mentors, it has been proven that people who are blind or have low vision can live the lives they choose as competent and confident employees, students and community members.

Our Story

LightHouse for the Blind and Visually Impaired, is an organization dedicated to enhancing the quality of life for people with vision impairments. At LightHouse, we have a team of talented blind individuals who specialize in the manufacturing of eco-friendly cleaning products. Our workforce is committed to producing high-quality goods while also empowering individuals with vision impairments to live independent, prosperous, and fulfilling lives. Whether it's working with blind babies and their families in our Little Learners program or helping seniors navigate vision loss through our Changing Vision, Changing Lives program, LightHouse is proud to be part of the mission to enhance the lives of visually impaired individuals.
